

Prepare for Your Journey on an Icy Parking Lot

Winter Walking Preparedness

As part of your own winter preparedness, fill an empty one gallon plastic jug with rock salt or ice melt. Place the filled jug in your car. Walk like a penguin and sprinkle in front of you while you walk!

Aide in not only your safety, but in the safety of others. The rock salt will not be enough to cover the entire parking lot, but it will help..... and every little bit benefits everyone!
